📂 PROJECTS

Personal-folio
Developed a personal portfolio using Next.js, Prisma, and Sanity Studio. The project showcases my work, skills, and experience through a dynamic and user-friendly interface. Leveraged Prisma for efficient data handling and Sanity Studio for customizable content management, ensuring seamless updates and scalability

🧠 SKILLS

- Experienced in back-end development with a strong focus on building scalable, secure, and efficient server-side applications and APIs.

- Skilled in full-stack development, capable of designing and implementing complete web applications from front-end interfaces to back-end services and databases.

- Strong problem-solving and algorithmic thinking skills, with the ability to design efficient solutions and optimize code performance.

- Proficient in front-end development with expertise in creating responsive, user-friendly interfaces using modern web technologies.

- HTML,CSS,Frontend,Backend,Fullstack,Problem solving

🗂 CERTIFICATES

Android Application Development
Participated in a 4-day web development workshop using Advanced Java. Learned Bootstrap, Spring Boot, ReactJS, and overviews of MySQL and Postman. Completed by Sahithya D, an SDM B.Voc student in Ujire.

Web Development Using Advance Java
Participated in a 4-day workshop on Web Development using Advanced Java, organized by the Department of Software and App Development. Learned concepts of Bootstrap, Spring Boot, and ReactJS. Gained overview of MySQL and Postman tool. Completed by Sahithya D, a student of SDM B.Voc, Ujire

Advance Js And React
Completed a 3-month virtual internship on Advanced JavaScript and React.js with Webodaya and Accelerlab. Gained in-depth knowledge of modern JavaScript concepts and React.js development. Enhanced proficiency in building dynamic, responsive web applications using industry-standard practices.
